

Melissa's Story

Melissa sat in her bedroom smoking marijuana and praying desperately to God to intervene in her life. Just seconds after she ended her prayer, her son came running up the stairs to alert her that someone was at the door. That "someone" was a group of college students knocking on doors to bless the neighborhood with the love of Christ.

It was cold outside in Minnesota and Melissa knew that these students were sincere as they prayed with her and offered her a box of food. She was thankful for the food as her pantry was quite bare.

That day was a changing point in Melissa's life. She gave her life to Christ and is eternally grateful for the step of faith that the students took that day to reach out to her. She has attended Key of Faith Church ever since that day. She has served in the choir and has enjoyed an abundant prayer life. Her desire is that God would use her however he chooses. She said, "That day when they knocked on my door, it literally changed everything for me."

Key of Faith Church is thankful for the partnership with Here's Life Inner City Twin Cities, a ministry of Campus Crusade for Christ. Together they have been able to able to impact people like Melissa with God's love.

January 25, 2012

At home: We are thankful to be home after a fun time visiting with family over Christmas. Eden began walking while we were in Kentucky. Macey thinks that she needs to stop waddling! Macey is now 4 and half and continues to thoroughly enjoy preschool. We can't believe that she will be in kindergarten in the fall. We are so appreciative of your love and support of our family. Please let us know how we can be praying for you.

In Christ,

Andi, Scott, Macey "Pretty Princess" and Eden "Walk-Like-I-Just-Got-Off-A-Horse" Mitchell

Prayer Requests:

- **Our health:** We had a difficult fall with a lot of illnesses and desire to be well!
- **Outreach:** Our church has created missional teams based on school boundary lines. Please pray that the Lord would use our group to reach out to the Lake Nona area.
- **Andi** has been involved with a group endeavoring to create a childcare facility at our office to serve our staff families. Please pray for progress according to God's will.
- **Preview Weekend** will start February 9 and will be a time for ~30 students to come to Orlando to seek God about serving at HQ. Please pray for the students and staff who are involved.

The Princesses' Castle

Macey and Eden each received princess attire for Christmas, so they needed a castle to make playtime complete. Everyone from the smallest to the tallest pitched in. We used cardboard, bolts, and screwdrivers. Of course the castle would not be complete without flowers over the doorway and Christmas lights hanging within. Needless to say, the princesses loved their new home!
